Saha R.

ð??¬ð??§United Kingdom | Online Seller

â??Our online customers are obsessed with the new ceramic series. Packaging and quality control were excellent.â?•

How Custom Orders Work

Product & Customization

Do you offer customization? Whatâ??s the MOQ?

Yes, All products shown on our website are available for order. MOQ for a single design is 100 pieces. Price varies by quantity.

Can you produce according to our design?

Absolutely. Please provide your design, dimensions, color preferences, and material requirements. We will arrange a sample for approval.

What colors and finishes are available?

We offer standard color swatches or can match custom colors. Available finishes include glossy, matte, electroplating, and other special effects.

Samples

Do you offer samples? What are the cost and lead time?

default watermark

Yes, we offer sample development. Ready-made samples are also available to check quality and material. Sample cost can be deducted from bulk orders.

Will there be differences between the sample and bulk production?

We ensure consistency. Once the sample is approved, it becomes the production reference.

Pricing & Quotation

Does the price include shipping?

Our standard quotation is EXW (Ex-Works). FOB, CIF, or other terms are available upon request.

Is the price negotiable? Do you offer tiered pricing?

Yes, we offer discounts for bulk orders. Prices can be negotiated based on quantity and style.
